Age is an issue of mind over matter. If you don't mind, it doesn't matter. Whether sixty or sixteen, there is in every human being's heart the lure of wonder, the unfailing child-like appetite of what's next, and the joy of the game of living. In the center of your heart and my heart there is a wireless station; so long as it receives messages of beauty, hope, cheer, courage and power from men and from the infinite, so long are you young. The miracle, or the power, that elevates the few is to be found in their industry, application, and perseverance under the prompting of a brave, determined spirit. Twenty years from now you will be more disappointed by the things that you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover.

advantage over one who can't read.  
Against the assault of laughter nothing  
can stand.  
Action speaks louder than words but  
not nearly as often.  
Sometimes too much to drink is barely  
enough.  
The coldest winter I ever spent was one

The first half of life consists of the  
capacity to enjoy without the chance;  
the last half consists of the chance

It often occurs that an email received from one individual is forwarded to another individual by the recipient. However, it may be necessary to edit the email, or extract portions of it, or delete the list of recipients email addresses, or the like. Generally, this task cannot be carried out on the received email, but, rather, the email text must be selected, copied, pasted into an outgoing message format, and then edited.
